

Where is the switchboard in Uganda

AI Overview

Switchboards in Uganda are primarily available through manufacturers and suppliers based in Kampala, including Omega General Electricals, Arc Control Ltd, and Electrical Controls & Switchgear Ltd.

Key Suppliers and Locations

- Omega General Electricals: Offers ISO-certified main switchboards and custom solutions for various facilities. They provide panels for both large buildings and industrial applications, including metering, circuit breakers, and busbars .
- Arc Control Ltd: Located in Kampala, this ISO 9001:2015 certified company designs and manufactures electrical switchboards, MV/HV switchgears, and related power distribution equipment .
- Electrical Controls & Switchgear Ltd (ECS): Also based in Kampala, ECS provides distribution switchboards for homes, schools, hospitals, and factories, ensuring safe and organized power distribution .

Types of Switchboards Available

- Main Switchboards: Central point for receiving power from the utility and distributing it to various circuits. Includes main switches, busbars, circuit breakers, and monitoring equipment .
- Distribution Switchboards: Split electricity into different circuits for lighting, outlets, machinery, and specialized equipment. Used in residential, commercial, and industrial settings .
- Industrial and Specialized Boards: Designed for factories, hotels, and large institut...
