

Which companies in Sri Lanka manufacture fiber optic connectors

AI Overview

Sri Lanka has several prominent fiber optic connector manufacturers and suppliers, including T&G Lanka, Sierra Cables, and DCL Engineering, offering high-quality products for telecommunications and data networking.

Key Manufacturers and Suppliers

T&G Lanka is a leading manufacturer of fiber optic patch cords and connector assemblies in Sri Lanka. Established in 2010 in collaboration with T&G Elektro AS and Sierra Cables PLC, the company provides turnkey solutions for telecom and data service providers. Their production facilities ensure high-quality patch cables, with each unit inspected using microscopes and measuring instruments to minimize signal degradation. T&G Lanka maintains ISO 9001:2008 certification and offers both large-volume and single-piece manufacturing capabilities. Sierra Cables specializes in producing a variety of cables, including fiber optic cables. They focus on high-quality manufacturing and rigorous testing to meet both local and international standards, making them a reliable supplier for structured cabling systems. DCL Engineering (Private) Limited provides comprehensive structured cabling solutions, including fiber optic systems. They are the sole distributor of Premium Line products, which support building structured cabling systems based on fiber-optical technologies. DCL Engineering also offers ICT solutions and network testing services, ensuring reliable fiber optic installations. ACL Cables PLC is another major player in Sri Lanka, producing a wide range of high-quality cables, including advanced low-voltage and fiber optic cables suitable for indoor and outdoor applications. Cable Solutions man...
