

Which companies produce fiber optic communication equipment

AI Overview

Leading manufacturers of fiber optic communication devices include Corning, Prysmian Group, AFL, Furukawa, and CommScope, among others, providing cables, connectors, and advanced optical solutions globally.

Global Leaders in Fiber Optic Manufacturing

- Corning Inc.: A pioneer in low-loss optical fiber technology, Corning holds a significant global market share and produces high-performance fiber optic cables, connectors, and solutions for telecommunications, data centers, and next-generation networks .
- Prysmian Group: One of the largest manufacturers of power and communication fiber optic cables, Prysmian offers comprehensive solutions for various applications, including long-haul, metro, and data center networks .
- AFL: Based in South Carolina, AFL manufactures fiber optic cables, connectors, fusion splicers, and test equipment, serving telecom, broadband, and industrial sectors .
- Furukawa Electric: A Japanese company known for high-quality fiber optic cables and communication products, widely used in telecommunications, power, and data center applications .
- CommScope: Provides network infrastructure solutions, including high-performance fiber optic cables and components for reliable communication networks and data centers
